

# link & learn

## **JOIN STUDY VISITS IN FINLAND - LINK YOUR LEARNING AND CREATE A NEW CULTURE OF EDUCATIONAL LEADERSHIP**

Inspire your Professional Learning by making your own observations in Finland.

Discover the features of the worldfamous education system and culture, the schools, leadership practices, teacher training, and research.

Learn new approaches and practices through professional dialogue to improve your education quality.

Find out how equity, focus on student' needs, wellbeing and sense of community work as key factors for success.

Feel and be amazed by innovations of modern learning environments, school design, and architecture.

Get to know the Finnish culture, way of life, and history.

## **HERE ARE SOME EXAMPLES OF HOW WE CARRY OUT THE STUDY VISITS:**

- Visits are tailor made to serve students at all levels, teachers, school leaders, administrators, policymakers, researchers and other professionals
- Preliminary workshop in the country where visitors come from or online instructions
- Visiting schools and observing lessons
- Getting acquainted with education structure, culture, pedagogy and leadership practices
- Lectures given by educational specialists, administrators, school leaders, teachers and representatives of educational faculties and teacher training at university
- Facilitated Q&A and wrap up sessions
- Link & learn dinners, optional visits, and sight-seeing tours

Detailed schedule and advance material will be sent to the participants before the visit.

Why not go one step further and let us organize a Finnish Educational Leadership Program including Link & Learn school visits for you.

**We welcome your suggestions for the visits and will formulate the program according to the customers' wishes.**
